ABOUT ME

Full Stack Developer skilled in React, Node.js, and RESTful APIs. Experienced in JavaScript (ES6+), modular architecture, and AI prompt engineering. Strong foundation in frontend & backend development with Express.js, PostgreSQL, and MySQL. Collaborative, detail-oriented, and quick to learn new technologies. Passionate about building scalable, user-focused, and high-quality solutions. Currently completing an Associate Degree in Web & Computer Programming at Brigham Young University – Idaho (Online).

Core Skills: React.js · Node.js · JavaScript (ES6+) · REST APIs · Express.js · PostgreSQL · MySQL · Git · Agile · Problem Solving · Teamwork · Adaptability · Communication.

SKILLS

- Frontend
- JavaScript (ES6+), React.js, HTML5, CSS3, Bootstrap, Responsive Design, UX/UI Implementation, Component-Based Architecture.
- Backend
- Node.js, Express.js, PHP, Python, RESTful APIs, Authentication (JWT/OAuth), MVC Pattern.
- Databases
- PostgreSQL, MySQL, MongoDB, CRUD Operations, Data Modeling
- Tools & Practices
- Git · GitHub · Vite · Trello · Command Line (CLI) · JSON · Agile/Scrum · API Integration · Debugging · Version Control · Deployment (Render, Vercel)
- CMS & Others
- WordPress Development · jQuery · C# · Java · Web Hosting · SEO Optimization
- Core Strengths & Soft Skills
- Team Collaboration · Effective Communication · Fast Learning · Problem-Solving · Attention to Detail · Accountability · Adaptability Time Management · Critical Thinking · Creativity · Growth Mindset · Ownership · Proactive Attitude

EXPERIENCE

- Coder (AI Training) – Outlier | Oct 2024 – Present | Remote
- Enhanced AI model performance through prompt engineering, code optimization, and critical analysis of model reasoning.
 - Designed and validated programming datasets, improving model reliability and reducing code-related inconsistencies.
 - Collaborated in Agile sprints with cross-functional international teams, demonstrating strong communication, adaptability, and attention to detail in remote settings.
- Freelance Web Developer | 2023 – Present | Remote
- Developed and optimized WordPress websites with a focus on responsive design, user experience, and engagement growth.
 - Applied SEO and performance optimization techniques, improving site visibility and page speed across devices.
 - Managed full project lifecycle – from client communication and requirement analysis to delivery and post-launch support – showcasing ownership, problem-solving, and customer relationship management skills.
- Customer Service Specialist – OPPO | Jan 2019 – Jun 2022 | Spain
- Delivered exceptional customer service, maintaining high CSAT levels while resolving technical issues efficiently.
 - Streamlined workflows through proactive triaging, improving response time and overall user satisfaction.
 - Recognized for empathy, clear communication, and the ability to remain calm and solution-focused under pressure.

EDUCATION

- Brigham Young University – Idaho
- Associate Degree in Web & Computer Programming (Online) | 2023 – Present
 - Focus on algorithms, databases, software engineering, and server-side development.
- IT Career Switch
- Full Stack Developer Traineeship | 2024 – 2025
 - Hands-on real-world projects, code reviews, and agile collaboration using Git/GitHub.
- HarvardX (Harvard University)
- CS50: Web Programming with Python & JavaScript | 2023
 - Practical work with Python, Flask, SQL, authentication, testing, and deployment.
